

jordan ESSENTIALS™

Detoxifying Clay MASK

- This mask is a light green with a deep clean. Bentonite clay works well on blemishes like a zit zapper and also works to help dry up mosquito bites
- This makes a great foot mask too, apply all over feet and cover with bags for 5 minutes and wash off
- DEMO: Apply the mask to a clean face. Use the talking points listed above while mask sets
- Rinse off with washcloth and feel hydrated, dewy skin and describe how your skin feels! Very multi-purpose and effective too!
