

## COMPLEXION BAR

A gentle, soothing soap that offers deep cleansing of the pores with gently exfoliating action that smooths the skin without leaving any residue. Particularly beneficial for oily, blemished, or aggravated skin, after even a single use, skin feels clean, refresh, and soothed. Oatmeal Milk & Honey fragrance.

## KEY INGREDIENTS

- ✦ Coconut oil is an excellent moisturizer and has been found to be antibacterial and anti-fungal, making this soap an excellent choice for acne prone or blemished skin.
- ✦ Glycerin is often used to treat oily skin conditions like acne, wrinkles, and fine lines because it attracts moisture to the skin, yet is an emollient. As a result, skin may become more balanced, soft, and supple.
- ✦ Oat Kernel Meal is what makes this soap truly unique. Oat Kernels are rich in proteins and lipids, so they contain anti-aging properties while moisturizing the skin to prevent further damage. Oat Kernel has been found beneficial in treating skin conditions such as acne, eczema, dermatitis, and shingles.
- ✦ Sorbitol is a natural sugar found in many fruits that attracts moisture from the air and binds it to the skin cells, slowing evaporation. Sorbitol may help promote healthy dermis cells by ensuring the skin stays properly hydrated. It is particularly beneficial for oily skin as it moisturizes without any heavy or greasy residue and does not clog the pores.

## BENEFITS AND SUGGESTED USES

- ✦ Balances oily skin.
- ✦ Moisturizes while it cleans.
- ✦ Contains anti-aging properties.
- ✦ Antibacterial and anti-fungal.
- ✦ Deep cleansing of pores to reduce the appearance of blemishes and skin irritations.
