

LOTION BAR

A solid bar of lotion with over 50 multi-purpose applications including body lotion, cracked heels, hair/eyebrow/beard wax, and so much more.

The Lotion Bar has been a staple since its invention by our Founder, Nancy Bogart. Every bar, hand-poured with love.

You can even enjoy this fan favorite for fundraising for your favorite cause or need.

KEY INGREDIENTS

- ♡ Beeswax: Deeply moisturizing, beeswax has natural antibacterial and emollient properties that seal in the skin's moisture.
- ♡ Coconut Oil is very moisturizing. Aside from its anti-aging and skin-healing benefits, it also may stimulate the production of collagen, and vitamin E.
- ♡ Safflower oil helps prevent dryness and roughness.
- ♡ Apricot Kernel Oil, which is rich in essential fatty acids, oleic, and linoleic, penetrates deep into the skin to moisturize and revitalize cells.
- ♡ Sweet Almond Oil: Loaded with vitamin E, almond oil helps keep your skin cells healthy and happy, and helps the skin look soft, smooth, and reduce fine lines. The fatty acids in almond oil can help with chapped and irritated skin, too!
- ♡ Castor Oil is an amazing ingredient that has many wonderful qualities for the skin. Rich in fatty acids, castor oil has been found to enhance smoothness and softness in the skin.
