

## SPRITZ YOUR PITS Resistance Essential Oil Spray

It's not the sweat that makes us smell, it's the bacteria. Jordan Essentials offers this healthy, nontoxic deodorant Essential Oil Spray to help you stay fresh all day without the harmful ingredients often found in most deodorants and antiperspirants, particularly aluminum-based compounds.

What makes our deodorants so effective? They inhibit the bacteria that cause the odor rather than inhibit the body's natural need to sweat.

### KEY INGREDIENTS

- ✿ Clove, Cinnamon, Lemon, Rosemary, and Eucalyptus create our Resistance blend. This amazing blend helps fight and remove bacteria from your arm pits. These Essential Oils also help boost your immune system to keep the odor causing bacteria away and improve your body health to help what plagues you.
- ✿ Clove has been found to be a powerful antioxidant and has antibacterial, anti-fungal, antiviral and an antiseptic.
- ✿ Cinnamon is an effective purifier, enhances oxygen in cells and is also antibacterial, anti-fungal, and antiviral.
- ✿ Lemon boosts your immune system, has an energizing effect, and has disinfectant properties.
- ✿ Rosemary has a stimulating aroma and helps cell and nerve stimulation.
- ✿ Eucalyptus rounds out this blend with it's classic fragrance that uplifts and cools.

### BENEFITS AND SUGGESTED USES

- ✿ 100% Aluminum-Free!
- ✿ After showering, apply Spritz Your Pits. Once dry, follow with your choice of Aluminum-Free Deodorant. If needed, reapply Spritz Your Pits during the day to refresh.
- ✿ Spritz Your Pits works great on stinky feet, too! Spritz cotton ball and place inside shoes to remove odor.
- ✿ Great starter set for pre-teens, strong enough for hard-working men, and gentle enough for sensitive skin.
