

## MINERAL SUN STICK

This natural sun stick offers broad-spectrum sun protection with an SPF of 30. It is made with zinc oxide for optimal sun protection and healthy ingredients such as aloe, beeswax, and soybean oil.

### BENEFITS AND SUGGESTED USES

- Apply liberally 15 minutes before sun exposure and reapply every two hours.
- Stick application allows for targeted application around the lips, shoulders, neck, face, ears, tops of feet, and other areas needing special attention.
- Offers safe broad spectrum SPF 30 protection

### KEY INGREDIENTS

- Zinc Oxide: A natural mineral that blocks harmful UV rays from the sun. It also offers protection against HEV, or high-energy visible light, the light that comes from computer screens.
- Beeswax: Deeply moisturizing, beeswax has natural antibacterial and emollient properties that seal in the skin's moisture.
- Sunflower Oil: Incredible hydrating agent, Sunflower Oil also can be effective against acne, eczema, scarring, redness, and irritation.
- Aloe Extract: Aloe is well-known for its soothing and cooling effects on the skin. It is full of antioxidants and acts as a protective layer on the skin.
