Three wonderful and wise gifts! This trio is a perfect stocking stuffer or three great mini gifts.

Shea butter in yummy holiday scents is soothing for even the driest, ashy winter skin.

On the Fourth Day of Christmas....

Healthy skincare starts young! Plant-based 🌿 glycerin soaps can help lock in skin's natural moisture and prevent over-drying and chaffing. In addition to helping hydrate dry skin, glycerin is also non-greasy.

The holiday soap fits in the stocking and comes with a cute holiday toy inside!

On the Fifth Day of Christmas...

Gift yourself with younger looking skin!

Serums provide the much-needed moisture and nutrients to keep your face looking and feeling its best.

Jordan Essentials offers three amazing serums to help reduce the appearance of fine lines and wrinkles.

Time Rewind Eye Gel: This serum is made for those thin skin layers around our eyes but can be used anywhere! The cooling gel feels great and should be applied with a light touch.

Tone & Firm Serum: This serum is light and smells like grapefruit! It contains peptides that work hard to repair the skin's structure in just one to two pumps daily.

Age-Defying Serum: This serum works to balance the pH in our skin to keep it bouncy. It is perfect to use before applying makeup and will leave your skin feeling soft and dewy.

This trio of serums is the perfect combo for daily use, and you save when you buy all three!

On the Sixth Day of Christmas...

Amazing magnesium! Sticks, lotions and sprays make using magnesium easy and convenient.

Four essential oils blend together to make the Magnesium Plus a fan-favorite year round.

Magnesium makes a great stocking stuffer too.
