Here are a few posts to get you started. These are not in order. Choose how and when you want to post them. Add emojis to make them fun!

Magnesium is amazing!

Magnesium is the fourth most abundant mineral in the body, and your body naturally absorbs it through the foods you eat.

But, we don't always eat right...and our foods may not contain the vital nutrients we need.

Magnesium is responsible for over 300 essential metabolic functions! Everything from energy production to nerve and muscle function, to healthy bones and teeth, and so much more!

Topical applications and soaks can help fill the gap!

Dead Sea Salt - Enhanced with Magnesium!

Dead Sea Salts soothe skin inflammation and sore muscles.

Magnesium has a soothing effect for many and can penetrate deep into the skin and support healthy blood flow. Magnesium also acts on the muscle tissue to relax tense tissue, often offering some relief from muscle discomfort.

Dead Sea Salts come pre-scented or unscented. With unscented Dead Sea Salts you can add essential oils of your choice to make it a more personal experience.

Add lavender for relaxation, orange for uplifting or frankincense for calming.

What About the Feet?

Don't forget about the feet and toes!

Start with a detox charcoal mask, follow up with your favorite salt scrub, rinse and soak in Peppermint Dead Sea Salts...and seal in the moisture with Peppermint Magnesium Lotion!

Soak away stress and tension with a Dead Sea Salts Soak! 🛁

Harvested from the Dead Sea and fortified with magnesium, Dead Sea Salt Soaks are soothing to the skin and help relieve stress and tension.

- ✿ Sit back and relax in our naturally unscented salts or choose one of our fan-favorite scents.
- ✿ Oatmeal Milk & Honey provides a soothing aroma to melt away your cares. Need something for extra stress relief?
- ✿ Try the Lavender & Eucalyptus blend for an extra boost of relaxation!

Our Peppermint Essential Oil blend is perfect to revitalizing tired feet! 🦶

Soak in Natural Goodness!

Dead Sea Salts are special because of the combination of natural minerals concentrated in the salts. These salts are harvested directly from the Dead Sea and include magnesium, calcium, sulfur, bromide, potassium, sodium, and zinc. Since they are natural, they are in a form that absorbs into the skin more readily.

Soak Up the Savings Too!

Dead Sea Salts are packed with magnesium and other natural minerals our bodies need. 🛁 They soak away minor aches and pains and offer a calming, soothing spa experience in the comfort of your own home! Soak up the savings and grab your favorite scents today!

More Than a Soak:

It is no secret that our Magnesium Dead Sea salts have some serious beneficial properties, but did you know Dead Sea Salts can be used for more than just a relaxing soak in the tub?

Here are 3 other ways to reap the benefits of this amazing product!

Foot Soak: Add 2-3 tbls of salt to a warm basin of water, and allow your feet to soak up the natural minerals found in the salts.

Dandruff Treatment: Combine 1 tbls of Unscented Magnesium Dead Sea Salts with 1 tbls of JE Unscented Shea Body Butter. Massage into the scalp and wait 5 minutes. Rinse well and wash with JE Shampoo.

Strengthen Nails and Cuticles: Soak nails in a mixture of 1 tsp Magnesium Dead Sea Salt, 1 drop JE Lemon Essential Oil, 2 tbs water and 1/2 tsp Olive Oil for 5 minutes. Scrub nails with nail brush and rinse completely.
