

Fresher Faces!

Copy Paste Facebook Party

Use this as a basic outline for your party. You can mix and match images and posts from past parties too.

Template Tip: Do not copy and paste comments in red that you see at the top of each post. Just copy the text under each post title. Paste it into Facebook and then publish or schedule to your group. Be sure to **personalize the post with specific info for your party** and to meet your personality.

Be sure to add the current special and incentives found in JEU under Current Specials and Incentives:

- Weekly Special
- Host Special
- Join Special
- Customer Special

Best Practice: Go Live to launch and close your party. Engagement with your guests is key. Host coach and have your host post a couple of posts as well. 😊 Additional engagement posts can be found in the JEU >> Media Center if desired.

It is important to include your own experiences and testimonials with the products. Additional images are located in JEU in the Media Gallery. These can be added to your party to make it longer if desired.

Posts can be posted 3-4 over the course of three days or posted 3-5 minutes apart during a 45 minute party. You can kick off a party with a LIVE in Facebook and then end with a live as well.

Insert emojis to make the posts festive and fun. Posts can also be used as stand alone posts on your business page, Instagram and personal profile.

These posts can also be used stand-alone in your VIP group or being used as guidelines for going live in your business page or personal profile.

Say YES – A Fresh Face Starts with Fresh Products

At Jordan Essentials our belief is that everyone deserves healthy skin—and joyful, healthy lives. When you say YES to Jordan Essentials products, you are saying YES to ingredients like magnesium, essential oils like lavender, purifiers like charcoal and rich moisturizers like shea butter.

Our products are made in fresh batches right in Nixa, MO. Delivered fresh from our manufacturing center to your doorstep!

And just as importantly, you will be saying NO to aluminum, parabens, mineral oil, SLS/SLES, gluten and phthalates that are found in many, if not most, bath, body and skincare products today.

Why is what's in our products so important?

For two key reasons:

1. Our skin is our largest organ and what touches our skin affects all of our organs.
2. It takes just 26 seconds for what touches our skin to be absorbed into our bloodstream. The harmful effects of many chemicals used in skincare products are scary! And many include ingredients that prematurely age us or dry out our skin.

Jordan Essentials' products use healthy, nontoxic ingredients combined to provide safe, healthy alternatives to their chemically-laden counterparts.

HEALTHY SKIN • HEALTHY LIFE

A few key components

Like a painting starting on a clean canvas, our face needs to be a clean surface too! JE's Gentle Cleanser Foaming Wash gently and effectively removes the toxins our face is exposed to everyday. It is also great for removing makeup.

Keeping your face clean is Step 1 to radiant, healthier skin!

Cleansing for all Skin Types

Jordan Essentials knows the cleansing step is one of if not the most important steps. We offer a variety of products to fit the needs of all skin type. The Face Care Collections include the cleaner that is best for that type. Items can also be purchased individually when you are ready for a refill!

Out with the old and reveal the new!

Sloughing off old skin helps to promote new skin cells and reveals the vibrant, healthy and glowing skin below.

Exfoliating can be done daily with oily skin, weekly with normal skin and biweekly for those with a dry skin type.

Safe, eco-friendly ingredients are used in our exfoliants.

Mask up for An At-Home Spa Treatment

Like with exfoliating, how often we masks depends on our skin type. We have two amazing masks that not only remove the toxins from our face, they can be used on our “pits” and feet too!

Purifying Charcoal is a natural way to cleanse and clear pores. It is great for those with oily skin.

Detoxifying Clay Mask will leave your face dewy soft. Bentonite clay pulls pollutants and toxins from your skin leaving it radiant and healthy.

A little More about Charcoal

🕒 Not to confuse charcoal used for grilling during the summer, Activated Charcoal is super-absorbent, detoxifying, purifying, and offers many benefits to the body and skin. 🌱

Jordan Essentials uses Activated Charcoal in many of our products including our Activated Charcoal Soap. Gentle enough for our face and strong enough to remove permanent marker!

(Suggestion: go live with a mask or the marker challenge here)

Super Charge with Toner Mist

Toner Mist is like vitamins for your face. It is a hydrating and moisturizing for all skin types.

We feel it is so important it is included in all of the Face Care Collections. (Remember...this month FREE Shipping on those collections!)

OPTIONAL

It is also excellent for use under protective face masks.

Spritz your face, let it set and absorb in before wearing a mask. Then, spritz again when you take off your mask for adding back in the moisture that has been pulled from your skin while wearing the mask.

Toner Mist is a must have all year long. It is nourishment our skin needs! It contains one of my favorite ingredients – Witch Hazel!

Witch Hazel

Witch Hazel is a secret weapon in many of Jordan Essentials' products.

♣ Extracted from the bark, leaves, and twigs of a North American shrub with the same name, Witch Hazel has been used for hundreds of years for a wide variety of skin issues including acne, bruises, insect bites, poison ivy, burns, and more.

With its effectiveness and versatility, Witch Hazel can be found in Jordan Essentials' Essential Oil Sprays, Toner Mist, Acne Support Gel, and Spritz Your Pits Deodorant Spray.

New Toner Mist with Sheet Masks!

Toner Mist with Sheet Mask Sets – Suggest you do this one live! Super fun.

Toner Mist is like vitamins for your face. It is hydrating and moisturizing year-round. This facial mist tones, firms, and tightens the face safely and with healthy, botanical ingredients! Many customers were adding our essential oils to their toner...so we made it even easier by doing it for them!

We have boosted the toner mist with our 100% pure essential oils. Three choices give you flexibility and let you choose what you need most!

Soothing, relaxing, at home pampering

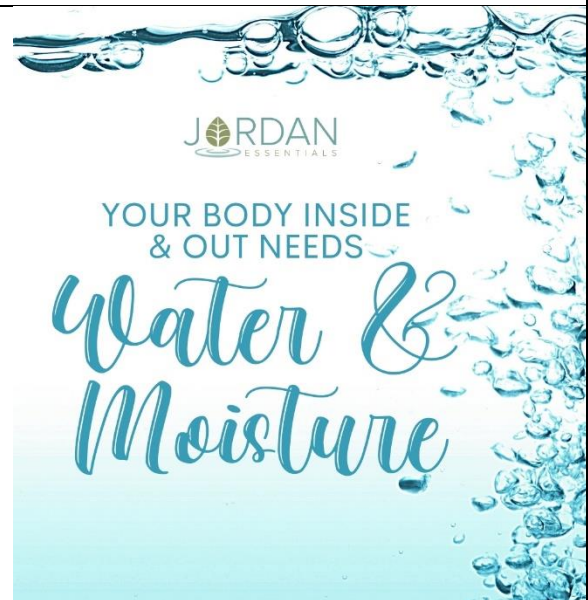

Yes, these little compressed pills expand to a soothing mask to cover your entire face! Drop one in a glass of cold water for a cryogenic (cold water) experience. Let it expand with the water,

take it out, wring out the excess and spritz the mask with a toner mist of your choice. Sit back, place the mask on your face and let your cares and woes get carried away. After 15 minutes, remove the mask and feel energized and look younger!

Hydrate from the inside to the outside!

Healthy skin not only comes from what we put on the outside, it comes from what we put inside too!

Be sure you are staying hydrated with water every day...and especially during the warmer months when you are losing water (sweating!) naturally.

Hydrate the Outside!

Moisturizing is the final step in our healthy face care routine. There are several options here depending on your skin type and your lifestyle.

We offer deep moisturizers, daily moisturizers, acne/oily skin moisturizers. We also have both a Tinted Moisturizer and BB Foundation for color.

You may want to do a mix-and-match with moisturizer. Choose your System (FREE Shipping!) for your night or weekend moisturizer and add on one of the mineral makeup moisturizers for day use.

Just the Right Shade

Our Mineral Makeup offers moisturizing with color! Each is available in 9 shades so we can find the best match for you!

Both use natural minerals that provide a natural SPF for sun protection year-round.

BONUS Step

Speaking of Hydration and Moisture

Serums provide the much-needed moisture and nutrients to keep your face looking and feeling its best.

Jordan Essentials offers three amazing serums to help reduce the appearance of fine lines and wrinkles.

Time Rewind Eye Gel: This serum is made for those thin skin layers around our eyes but can be used anywhere! The cooling gel feels great and should be applied with a light touch.

Tone & Firm Serum: This serum is light and smells like grapefruit! It contains peptides that work hard to repair the skin's structure in just one to two pumps daily.

Age-Defying Serum: This serum works to balance the pH in our skin to keep it bouncy. It is perfect to use before applying makeup and will leave your skin feeling soft and dewy.

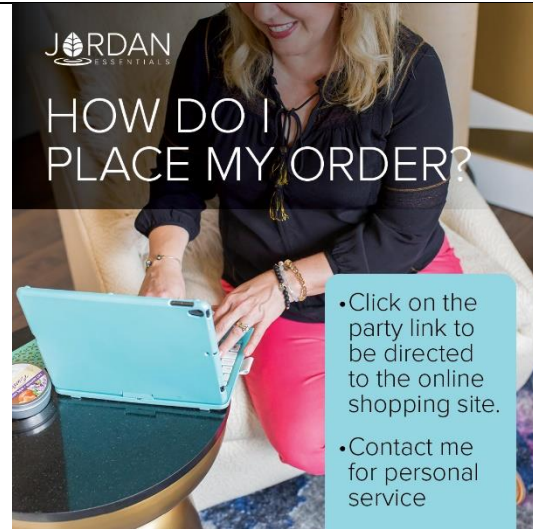

<p>Your choice of serum is included in the Premier and Everyday Systems for Normal, Oily and Dry skin.</p>	
<p>Frankincense Essential Oil Age-Defying Serum – NEW!</p> <p>Keeping our skin healthy is one of the main keys to looking younger! Age-Defying Serum contains ingredients proven effective in reducing wrinkles up to 84%. We have boosted that with the natural age-defying benefits of Frankincense Essential Oil. Frankincense is widely used for its rejuvenation properties and its ability to promote new cell growth.</p> <p>Age-Defying Serum is a silky smooth serum that you will want to use morning and night because it just feels so good!</p>	
<p>Which Skin Type Are You?</p> <p>Normal – Balanced with a few breakouts or dry patches, maybe some t-zone issues.</p> <p>Dry – Dry patches and overall dry, tight feeling.</p> <p>Oily – Oily upon waking and oily throughout the day.
