

## GREEN & CLEAN

Having family and pet-friendly, non-toxic products that support a healthy, clean home is important to everyone and to Jordan Essentials.

Our Green & Clean pH balanced cleanser is powerful enough for hospital cleansing and gentle enough for home use.

Green & Clean cleanser uses 100% natural electrically charged oxygenated water combined with hypochlorous acid. This produces a cleanser that is safe to use on hard surfaces like kitchen and bathroom counter tops, door knobs and more, plus surfaces like plastic bags and cardboard boxes. It is biodegradable and environmentally friendly.

### BENEFITS & SUGGESTED USES

- Safe for use around children, pets, toys, bedding with confidence.
- Non-toxic and biodegradable. No special handling or disposal precautions needed.
- Use it all full-strength on surfaces such as cardboard and plastic bags to eliminate germs and bacteria.
- Spray on surfaces and allow to sit for 8-10 minutes for maximum benefits.
- Safe to spray on cell phones, door knobs, desktops and keyboards.
- Does not contain bleach or alcohol. Virtually odorless and clear in color.

### KEY INGREDIENTS

- Hypochlorous Acid - a non-toxic, pH balanced cleanser.
- Electrolyzed Oxygenated Water.

*(Use within one year of production date and do not add essential oils or other fragrances.)*
