## ABC Glossary – Bath & Body Products

Knowing your products and key ingredients is an important part of your Jordan Essentials business. You do not need to be a chemist to share Jordan Essentials, you just have to love people and want the best for them.

Jordan Essentials is the Trusted Name in Healthy Family Skin Care. Our focus is to provide great skin care for the entire family. We formulate all of our products using the best, most natural ingredients available. Jordan Essentials prides itself on family friendly products with high quality natural and botanical ingredients that have multiple benefits. Your products are the same ones we use on our families every day.

More and more people are becoming educated about healthy skin care and the importance of the ingredients used in their daily routine. At your in-home Spa Parties, online and person to person as well as vendor events, you can enjoy sharing great skin care education. Be sure and let people know you are not a licensed professional (unless you are) and that you are sharing company information.

All of our products are USA made using the highest quality ingredients like Shea Butter, Coconut Oil, Beeswax, Dead Sea Salts, Grapeseed Oil, and more. We also have ingredients we avoid; Aluminum, DEA, Parabens, Isopropyl Alcohol, Petroleum, Mineral Oil, SLS/SLES, and Gluten.

All product definitions in this guide come from reputable sources such as the FDA website and the Cosmetic Ingredient Dictionary, as well as independent research from our manufacturers and various unbiased, reliable resources.

Please be wary of all the hype found on the internet as many times information found is nothing more than a sales pitch. Be sure to check your source to ensure you do not receive false or unverified information. ## **Salt Scrub—8 oz. #185xx**

For radiant gorgeous skin, exfoliate and polish with our custom blend of natural oils and salt.

### **Benefits:**

- One of our best-selling products – available in every fragrance!
- We use salt in our scrub because salt itself is a therapeutic mineral. Sugar scrubs leave a sticky residue on the skin and lack the healing properties of salt; therefore, we find salt to be a more effective ingredient in our exfoliating scrub.
- Salt Scrub is great to use as a bath soak to soothe sore muscles or as an exfoliant to remove dead skin cells.
- Use the Salt Scrub on children's hands to cut through kid grime and marker mess or keep a tub by the kitchen sink to eliminate tough odors, such as onion, from your hands.
- Salt Scrubs have an optimum shelf life of about six months under normal conditions.

*Salt Scrub Ingredients: Sodium Chloride (Blend of Salts), Aqua (Water), Disodium Laureth Sulfosuccinate, Sodium Lauryl Sulfoacetate, Carthamus Tinctorius (Safflower) Seed Oil, Ricinus Communis (Castor) Seed Oil, Prunus Armeniaca (Apricot) Kernel Oil, Prunus Dulcis (Sweet Almond) Oil, Fragrance, Tocopheryl Acetate (Vitamin E).*

**Skin Relief – Cross and Aloe 2 oz. #27832 2 oz. White Tub; Cross and Aloe 4 oz. #27834 4 oz. White Tub; Cross and Aloe 8 oz. #27838 8 oz. White Tub**

A proprietary blend with nutrient rich Aloe, Green Tea, Seaweed, Chamomile, Jojoba, and Vitamin E. This emollient thick body lotion is enriched to soothe and care for even the driest skin. Super powered with Shea Butter which is clinically proven to help skin and reduce inflammation. Smooth on all those rough skin areas and enjoy a truly soothing emollient.

Benefits:

- Rich Shea Butter helps enhance cell regeneration and capillary circulation, which assists in the healing of small wounds, cracks, and crevices in the skin.

- Soothing Aloe Vera, which has been used for thousands of years as an aid to treat wounds, skin infections, burns, inflammations, and numerous other dermatologic conditions.
- Cocoa Butter, a natural moisturizer, is a skin emollient that has been used for years as a skin-softening agent. Cocoa butter replenishes moisture while reducing soreness from sun, wind burned skin, chapped skin as well as other skin irritations. Promotes suppleness of scar tissue by preserving skin's natural elasticity; can be used effectively on stretch marks and wrinkles
- It is used as a skin protectant (e.g. burns, sunburns, scrapes) repairing agent by promoting keratolysis & cell proliferation (e.g. chapped, cracked skin & lips), relieves dryness, offers soothing effects (e.g. diaper rash).
- Vitamin E is known for being an excellent antioxidant when applied topically to skin. In essence, Vitamin E functions on the skin to protect cells against free-radical damage.
- Jojoba Oil is rich in antioxidants and Green Tea is a powerful antioxidant.
- Chamomile has proven anti-inflammatory benefits: excellent antioxidant, emollient, skin soother and brings down swelling and pain in the skin and mucous membranes, also known to calm eczema and psoriasis.
- Seaweed is a rich source of important minerals, vitamins, and proteins, making it a wonderful tonic for the skin and a collagen builder. One of its most important functions includes promoting cutaneous microcirculation and preventing venous deficiency, which can damage skin causing it to age, wrinkle, crease, and become patchy and dull.
